    - Taxonomic and Biogeographic Studies on Common Species of Flora and Fauna in the Philippines and Japan

# B. Wildlife Trade Regulation

 For the 1st Quarter of CY 2019, the Bureau was able to process and issue a total of 239 CITES permits (export=161, re-export=9, import=69) generating a total income of ₱1,428,955.80.

- Issued the following Gratuitous permits:
  - GP No.283 University of Caterbury c/o Dr. Peter Pelser for his Research entitled "Co's Digital Flora of the Philippines: Cybertaxonomy to the Rescue of Conservation"
  - GP No. 284 Guangxi University c/o of Mr. Angelo R. Agduma for his Research "Hydraulic and Functional Traits of Mangrove Trees between Two Sites, China and Philippines: Implication for the Effects of Climatic Warming"
  - GP No. 285 University of the Philippines Los Baños c/o Mr. Paul Cardenio for his thesis entitled "Serum Biochemistry and Ultrasonography of rescued long tailed macque in the Philippines"
  - GP No. 286 De La Salle Araneta University c/o Mr. Anton Jose Racela for his research on the hematologic reference ranges kites and crested serpent eagle
  - GP No. 287 Kyushu University c/o Dr. Tetsukasu Yahara for his study entitled "Transect survey on vascular plant diversity in Mt. Banahaw de Majayjay, Laguna, Mt. Banahaw de Dolores, Quezon and Solsona, Ilocos Norte"
  - GP No. 288 University of the Philippines Los Baños c/o Nancy Corpuz for her study about the gaps in protecting ultramafic forest in the Philippines
  - GP No. 289 University of the Philippines Los Baños c/o Dr. Rey Oronan for his research entitled "Detection of of borna disease virus chlamydophia in fecal and blood sample of captive psittacines in wildlife facility using polymerase chain reaction"
  - GP No. 290 University of the Philippines Los Baños c/o Dexter C. Inoc for his study on ecology and genetic diversity of Philippine teak
  - GP No. 291 Isabela State University c/o Aurea L. Feliciano for her study entitled "Taxonomic and Biogeographic Studies on Common Species of Flora and Fauna in the Philippines and Japan"
  - GP No. 292 University of Kansas Natural History Museum and Biodiversity Research Center c/o Dr. Rafe Brown for Biogeography of Philippine Herps

#### C. Wildlife Law Enforcement

 Continuing its fight against ivory trade, several activities were conducted by the Bureau. For the 1st Quarter of CY 2019, the Bureau conducted 22 cyber surveillance monitoring and foot-surveillance and 4 actual law enforcement operations against violators on which confiscations were made.

#### D. Conservation of Threatened Species

The Bureau was able to continuously monitor and provide guidance to Regional Offices in the conservation and management of threatened species, i.e. marine turtle, dugong, Philippine raptors. The Bureau also provided assistance in addressing the technical and administrating concerns of the Palawan Wildlife Rescue and Conservation Center (PWRCC) – Crocodile Farming Project, and the National Wildlife Rescue and Rehabilitation Center (NWRRC).

#### In-situ Conservation

 The Bureau received 27 reports from the regional office about the monitoring of conservation activities/programs for priority threatened species.

- Conducted a meeting of the National Crocodile Conservation Committee on 06 March 2019;
- o Co-host the Crocodile Forum on 06-08 March 2019
- Ex situ Conservation
  - o Animal Care and Maintenance

The Wildlife Rescue Center (WRC) serves as a temporary refuge and rehabilitation facility for confiscated, turned-over, donated and/or abandoned wildlife.

- Animal Inventory.
  - As of March 31, 2011, WRC houses a total of 1,771 different animals composed of arthropods, mammals, birds and reptiles.
- o Support to Academic Enhancement Program

The BMB-WRC sustained its support to various academic institutions especially in enhancing the knowledge and skills of their students in veterinary care and captive wildlife management. For the report period, the BMB-WRC accommodated the following practicum students, as follows:

University/School	No. of students	Covered Period

- Accommodated five (5) University of Caloocan re: survey for their thesis entitled "Problems Encountered in Wildlife Center in Selected Places in Metro Manila" on January 28, 2019

# • Special Events and Celebrations

#### World Wetlands Day

On February 2, the country celebrated World Wetlands Day (WWD) with the rest of the world to acknowledge the adoption of the 1971 Convention on Wetlands. The objective of this celebration is to raise awareness on the importance of wetlands, its biodiversity and ecosystem services that help us fight climate change. It was also declared as National Wetlands Day under Proclamation No. 74 issued in 1999.

"Wetlands and Climate Change" is the theme chosen for this year, centering on the important role wetlands play in climate adaptation, mitigation and resilience. They are the most effective carbon sinks on Earth, but when burned or drained for agriculture, they turn into a carbon source.

The Bureau conducted Media Wetland Exposure Activity in Candaba Wetlands Bird Sanctuary to show the ecosystem services that wetlands communities, as well as its high biodiversity values.

The Candaba Swamp has been identified as one of the 'most important wetlands' in the Philippines and has consistently been listed in the Asian Bird Map as an important wintering area for migratory birds, from October up to April of every year when it regularly supports between 5,000 and 10,000 birds.

## • World Wildlife Day

The Bureau led the celebration of the World Wildlife Day Celebration last 2-5 March 2019 with the global theme, "Life Below Water: For People and Planet", which aligns with the goat 14 of UN Sustainable Development Goals. This celebration aims to raise awareness about the breathtaking diversity of marine life, the crucial importance of marine species to human development, and how we can make sure it will continue to provide services for future generations.

The celebration started on 2 March 2019, with Mural Painting Activity and exhibit featuring marine wildlife species and Benham Rise. Also, a film showing, "SEAnehan: Screening of Sharkland, Tubbataha and Philippine Seas" was shown at the SM Aura for public viewing.

In line with the celebration, Consultation workshop on the draft Joint DA-DENR-DOT Administrative Order on Marine Wildlife Tourism was conducted last 4 March 2019. A draft joint policy among DOT, DA and DENR on marine wildlife tourism was initiated by DOT a few years ago. For some reason, the finalization of the draft was stalled. The WWD served as an opportunity to renew the commitment of the three agencies to move forward with the draft with BMB spearheading the process as the national focal point for CMS.

Now on its sixth year, the Wildlife Law Enforcement Awards served as a venue to formally recognize private individuals and non-DENR officials/personnel who have provided invaluable assistance and unqualified support to the DENR in enforcing the provisions of the Wildlife Act (R.A. 9147). For the past five (5) years the DENR has conferred the award to 377 recipients from various enforcement

partner agencies and civil society organizations, including private individuals. For this year, several officials/personnel mainly from National Bureau of Investigation, Philippine National Police and Local Government Unit will be formally commended for their invaluable assistance and dedication to wildlife law enforcement from March 2018 to February 2019.

The awarding ceremony once again served as a venue for the DENR to call for stronger support and greater commitment from each of the awardees and their respective institutions/agencies to curb illegal wildlife trade. It was also a way to encourage support from a wider sector of the society and the Filipino citizenry in protecting wildlife.

Also, ceremonial awarding of USAID assistance for five (5) thesis and dissertation projects on biodiversity conservation (UP Diliman, UP Los Baños, University of Santo Thomas) was done last 5 March 2019.

One of the regular activity of WWD, the Bureau hosted the 4th National Wildlife Quiz Bee participated in by Grade 9 students from various public high schools in NCR, Region 3 and CALABARZON. This is а knowledge-based competition and learning event which aims to: (1) encourage the target students to give attention to current

developments in wildlife, both nationally and internationally; (2) raise awareness and appreciation of the richness, importance, status and conservation of the Philippine wildlife among the students and their advisers, in particular, and the public, in general; and (3) encourage the youth to be active in pursuing their role as environment and wildlife conservation stewards.

#### • Women's Month

The Bureau participated in the celebration of the Women's Month with its kickoff activity held last 11 March 2019 by conducting a zumba followed by a Fun Walk around the Ninoy Aquino Parks and Wildlife Center and a lecture forum to raise

awareness about the most prevalent cancers in women.

### VIII. Managing the Ninoy Aquino Parks and Wildlife Center

The Bureau continuously managed the 22.7 hectare Ninoy Aquino Parks and Wildlife Center (NAPWC). For the 1st quarter of CY 2019, a total of 77,554 visitors (male=42,150; female=35,404) were recorded generating a total income of ₱2,600,356.00 from the entrance, parking and rental fees of the park.

#### **IX. Foreign Assisted Projects**

#### A. Biodiversity Finance Initiative (BIOFIN)

 Conducted capacity building on resource mobilization for the technical secretariat for the implementation of the Philippine Biodiversity Strategy and Action Plan (PBSAP) last 12-14 March 2019 at Quest Hotel, Clark, Pampanga. The learning event focused on (1) biodiversity financing and sustainable development, (2) using technology for biodiversity monitoring and information/data collection, (3) strategic thinking and (4) engaging the private sector.

# B. Illegal Wildlife Trade : Combatting Environmental Organized Crime in the Philippines

• The draft Activity Plan was presented during the inception meeting/workshop held last 21-22 February 2019 at Mercure Hotel, Ortigas.

 The activity plan for year 3 was finalized during the Project Steering Committee Organizational Meeting/Workshop held last 31 January – 1 February 2019 at Quest Hotel, Clark, Pampanga.

# C. USAID-Protect Wildlife Project

 Project Steering Committee Organizational Meeting/Workshop held last 31 January – 1 February 2019 at Quest Hotel, Clark, Pampanga.

# X. Other Major Accomplishments

#### Manila Bay Rehabilitation Program

The Bureau participated in the "Battle for Rivers and Esteros" last March 31, 2019. Simultaneous clean-up of the Tullahan-Tinajeros River was conducted. Also, Mural Painting was created to raise more awareness about the Manila Bay Rehabilitation. Right after the clean-up, a short program was carried-out, which aimed to ratify the MOA between DENR, other agencies and LGUs concerned.

# Forest Cover Change Analysis and Mapping

The Biodiversity Management Bureau is collaborating with the Center for Conservation Innovations (CCI) for the implementation of the "Forest Formation and Change Detection Maps and Analysis" project for 32 Protected Areas. The project aims to develop a map of forest formations in selected protected areas (PAs) and do analysis of forest cover change inside PAs and their buffer zones (one km outward from the PA boundary).

In preparation for the said project, following training were conducted:

- Training on Species Distribution Modelling on 4-5 March 2019
- Training on Remote Sensing for Detecting Change and Classifying Forest Formation Types on 12-15 March 2019

# • Data Management

- In order to an updated and comprehensive website on the Bureau's accomplishments, relevant document, and current engagements the following trainings/workshops were conducted:
  - Training/Workshop on Website Data Uploading and Maintenance on 27 February – 1 March 2019. This was conducted to train the focal persons to effectively upload and publish relevant information to the BMB website; and
  - Training/Workshop on Data Uploading and Maintenance of the BMB Transparency Seal on 6-8 March 2019. This aimed to train the BMB Transparency Seal focal persons to timely and accurately upload and publish relevant information to the BMB Website Transparency Seal

# • Statistical Services

 Received the 4<sup>th</sup> Quarter Statistical Report and complied the said documents of Regions 1,2,6,9,10,11,12, 13 and NCR

#### Mainstreaming Biodiversity Across Sectors

 In line with the implementation of PSBAP, a round table discussion on the mainstreaming of biodiversity in the health sector was conducted last 14 March 2019 in Microtel, Quezon City. Following are the objective of the said RTD

- Familiarize the participants on the relationships and linkages of biodiversity and health;
- Discuss and exchange experiences, interventions and/or best practices or elements of it related to biodiversity and health;
- Determine the gaps, challenges and capacity needs on biodiversity and health;
- Have a follow-on discussion on the results and recommendations of the Regional Workshop to Address Inter-linkages between Human Health and Biodiversity in the ASEAN Region and One Health Summit; and
- Validate the framework and action plans for biodiversity and health.
