FOREWORD

By virtue of the Executive Order 192 dated June 10, 1987, the Protected Areas and Wildlife Bureau is mandated to perform the following:

- Formulate and recommend policies and programs for the:
 - Establishment and management of an integrated protected areas system
 - Conservation of biological diversity
- Monitor and assess management of protected areas and other biodiversity conservation-related activities
- Provide technical assistance to the Regional Offices and other clientele.

In pursuit of these mandates, the Bureau is continuously updating and publishing this Report in order to provide timely, reliable and accurate statistical information on protected areas and wildlife resources to the general public, particularly those who are involved and interested in the conservation of biodiversity in the Philippines.

The information contained in this CY2003 edition are presented in three (3) parts: Part I covers the detailed information on protected areas, both for the initial components and those proclaimed under the National Integrated Protected Areas System, Part II deals with information on wildlife resources, their geographic distribution and current status, while Part III shows the information on revenues generated from entrance fees, use of park facilities and amenities and on wildlife trade.

We wish to thank all the officials and employees of the DENR Field Offices and other individuals who have invaluable extended their support in order to make the publication of this statistical report possible.

THERESA MUNDITA S. LIM
OIC, Director

ABBREVIATION

AO	Administrative Order

U	Undetermined
UWM	Unit of Work Measurement
VU	Vulnerable
WA	Wilderness Areas
WFR	Watershed Forest Reserve

SYNOPSIS

PROTECTED AREAS

Pursuant to Republic Act 7586 otherwise known as the National Integrated Protected Areas System (NIPAS) Act of 1992, protected areas shall be established to maintain essential ecological processes and life-support systems, to preserve genetic diversity, to ensure the sustainable use of resources found therein, and to maintain their natural conditions to the greatest extent possible. This Act also designated those areas which were proclaimed by law, presidential decree, proclamation or executive order as national park, game refuge, bird and wildlife sanctuary, wilderness area, strict nature reserve, watershed, mangrove reserve, fish sanctuary, natural and historical landmark, protected and managed landscape/seascape as well as identified virgin forests before the effectivity of the NIPAS Act as initial components of the System.

There are a total of **209** sites comprising the initial components consisting of around 2.5 million hectares (Table 1.2). The law requires that these areas be assessed and if found still suitable for biodiversity conservation shall be established as protected areas under the NIPAS. Otherwise, these areas may be disestablished and placed under a different management regime in accordance with other existing laws.

Among the 209 sites identified as initial components of NIPAS, **61** were proclaimed as protected areas under the System covering about 1.7 million hectares. In addition to the initial components, there were **32** sites newly established as protected areas with a total area of 1.26 million hectares. These areas are reported here as additional sites.

To date, a total of **93** protected areas with an aggregate area of 2.9 million hectares were already proclaimed under the NIPAS (Table 1.3). There are still a number of areas being assessed and proposed for proclamation.

WILDLIFE RESOURCES

The Philippines is considered as one of the 17 megadiversity countries in the world. In 1999, we were also identified as one of the 25 global hotspots, ranking 3rd for threatened birds and 8th for threatened mammals. Studies, however, show that on a per unit area basis, the Philippines is the top megadiversity country and the hottest of the hotspots. The conservation and sustainable use of our wildlife resources are therefore of extreme importance and need the support of everyone.

In this report, the lists of Philippine birds and mammals and their geographic distribution are shown in Tables 2.4 and 2.5, respectively. Likewise, we will find here the Philippine wildlife species included in the Appendices of the Convention on International Trade in

Endangered Species of Wild Fauna and Flora (CITES), and the National Red List. We have also shown in Tables 2.6 and 2.7 the partial lists of the pet shops and plant stalls found in the country, and the accredited wildlife facilities, respectively.

The Philippines is one of the signatories of the CITES, a multilateral environmental agreement which regulates the international trade of plants and animals through a system of permits. The plant and animal species are subject to different degrees of regulation as listed in Appendices I, II or III of the CITES. Species listed under Appendix I are those threatened with extinction and for which trade must be subject to particularly strict regulation and may only be authorized in exceptional circumstances. To date, a total of **34** Philippine wildlife species are listed under CITES Appendix I (Table 2.1). This consists of twenty-four (24) animal species and only one (1) plant species (*Paphiopedilum* spp.)

Appendix II, on the other hand, includes species that are not necessarily now threatened with extinction but may become so unless trade in them is strictly regulated. A total of one hundred twenty-two (**128**) species of wildlife consisting of 109 animal species and 11 species of plants as well as all species of orchids (except *Paphiopedilum* spp.) and all species of tree ferns are listed under CITES Appendix II (Table 2.2).

The National Red List of Philippine Wild Fauna as shown in Table 2.3 includes species which are presently considered as threatened. There are **330** species in the list composed of 99 species of mammals, 215 species of birds, and 16 species of reptiles.

WILDLIFE TRADE, PARK VISITORS AND REVENUES

The enactment of Republic Act 9147 or the Wildlife Act of 2001 has tremendously decreased the illegal collection and trade of our wildlife resources. A total of **861** head of illegally collected and traded wildlife were confiscated in Metro Manila (Table 3.1) by the DENR Wildlife Monitoring Team. On the other hand, a total of **285** head of wildlife have been donated or turned over to the Wildlife Rescue and Rehabilitation Center of the Protected Areas and Wildlife Bureau. There has been a decrease of **3,353** head of wildlife or 82% compared to last year's record of confiscation. Likewise, the DENR Regional Offices have confiscated a total of **1,323** head of wildlife for the year (Table 3.3).

A total of **4,553** local transport permits for the movement of wildlife within the country were issued by the DENR Regional Offices. A total of **751,532** pcs. of flora and fauna were transported to the different parts of the country under said permits (Table 3.9). DENR Region XI in Davao City recorded the highest number of transport permits issued for the year, that is a total of **2,917** permits, all of which covering the transport of orchids alone. The total revenue generated from the issuance of local transport permits based on regional reports is **PHP 236,764.00** (Table 3.11).

In 2003, PAWB as the CITES Management Authority for terrestrial species issued a total of **1,957** CITES Permits and Non-CITES Permits. This generated a total revenue of **PhP 3,323,357.97**. The amount of PhP 2,844,038.17 was generated from the issuance of CITES Permits while the amount of PhP 479,319.80 was derived from the issuance of Non- CITES permits. An average income of PhP5.7 Million was generated for the last ten years and is shown in Table 3.17

The different protected areas established under the NIPAS and the Ninoy Aquino Parks and Wildlife Center which is presently being administered by PAWB had been frequented by a number of visitors consisting of local and foreign tourists that have generated some revenues for these areas. Statistical reports from the DENR Regional Offices and PAWB showed a total of **601,101** park visitors and promenaders that generated a total income of **PhP 15,307,509.35**. The Ninoy Aquino Parks and Wildlife Center (NAPWC) in Quezon City and the Hinulugang Taktak National Park (HTNP) in Antipolo City were recorded to have the most number of visitors for the year. NAPWC has recorded a total of **378,009** park visitors while HTNP had **63,454** visitors. In terms of revenues generated, NAPWC collected a total of **PhP3,333,730.00** while HTNP was able to collect a total of **PhP860,502.00**. The revenues were derived from entrance fees and fees for the use of park facilities and amenities.

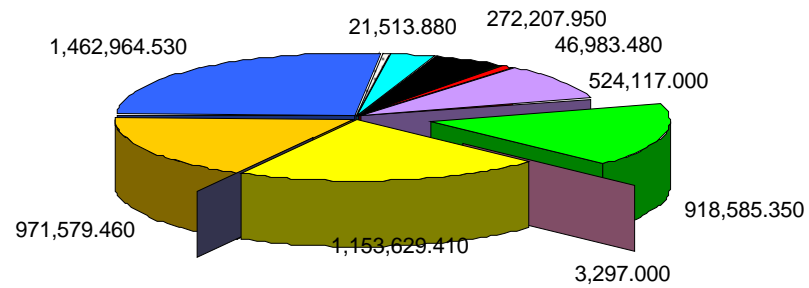

A comparison on the number of park visitors and income generated at the NAPWC for a 10-year period, that is from 1994-2003, is shown in Table 3.7. The highest number of park visitors and income generated was recorded both in 1994 (Table 3.7). In the case of HTNP, the highest number of park visitor and income generated was recorded both in 2002. This has been attributed to increase in collection of fees for the use of park facilities.

PROTECTED AREAS

	Large Rufous Horseshoe Bat	<i>Rhinolophus rufus</i>	kabag; kabog	LR/NT			Recorded in Bohol; Catanduanes; Laguna; Leyte; Pampanga; Marinduque; Rizal; Mindoro; Polillo; Davao del Sur; and Maguindanao provinces.
	Small Rufous Horseshoe Bat	<i>Rhinolopus subrufus</i>		VU			Recorded in Camiguin; Catanduanes; Abra; Isabela; Pampanga; Manila; Laguna; Mindoro; Camarines Sur; Sorsogon; Rizal; South Cotabato; and, Davao del Sur.
INSECTIVORA							
a. Erinaceidae	Dinagat Moonrat/Dinagat Gymnure/Dinagat Wood Shrew	<i>Podogymnura aureospinula</i>		EN			Dinagat Island
b. Soricidae	Greater Mindanao White-toothed Shrew	<i>Crocidura grandis</i>	Bubuit; bulilit	EN			Mindanao. Recorded only in Mt. Malindang, Misamis Occidental.
	Mindoro White-toothed Shrew/Mindoro Shrew	<i>Crocidura mindorus</i>	Bubuit; bulilit	EN			Mindoro and Sibuyan Islands.
	Negros White-toothed Shrew/Negros Shrew	<i>Crocidura negrina</i>	Bubuit; bulilit	CR			Negros Island
	Palawan White-toothed Shrew/Palawan Shrew	<i>Crocidura palawanensis</i>	Bubuit; bulilit	VU			Palawan only. Recorded in Balabac and Palawan mainland.
DERMOPTERA							
a. Cynocephalidae	Flying Lemur	<i>Cynocephalus volans</i>	Gagua; Kago; Kalago; Kaabuit; Mimmal (Samal-moro); Kabal (Mind); Kolago; Gigua (Tag); Kagwang (Bis)	VU			Visayas and Mindanao. Recorded in Basilan; Biliran; Bohol; Dinagat; Leyte; Maripipi; Agusan del Norte; Bukidnon; Davao City; Davao del Norte; Davao del Sur; Lanao del Norte; Lanao del Sur; Misamis Occidental; Misamis Oriental; South Cotabato; Surigao del Sur; Zamboanga del Norte; Zamboanga del Sur; Siargao; and Samar.
SIRENIA							
a. Dugongidae	Sea Cow/Dugong	<i>Dugong dugon</i>	Dugong (Tag.); Duyong (Bis.); Baboy dagat (Tag.); Dujong (Sur.); Navago (Batanes)	CR*	I	II	Indian and Pacific Oceans. In the country, recorded in Palawan, Isabela, Quezon and Southern Mindanao.
CETACEA							
a. Delphinidae	Bottlenose Dolphin	<i>Tursiops truncatus</i>	Lumba-lumba; Lommod			II	Inshore tropical to temperate distribution. Sighted in Coron; Linapacan; Taytay; Busuanga; Culion; Calait; El Nido; Ulungan Bay; Masca-rascas; Palawan; Occ. Mindoro; Verde Is.; Balicasag; Batangas; Bohol; Cebu; Camiguin; Sulu Seas and Panay Gulf.

TABLE 2.4: PHILIPPINE BIRDS AND THEIR DISTRIBUTION

ORDER	FAMILY NAME	COMMON NAME	SCIENTIFIC NAME	RESIDENCY STATUS	DISTRIBUTION/KNOWN OCCURRENCE	
Podicipediformes	Podicipedidae	Little Grebe	<i>Tachybaptus ruficollis philippensis</i>	R	Apo, Bohol, Calayan, Camotes, Cebu, Guimaras, Luzon, Mindoro, Negros, Palawan, and Panay.	
			<i>T. r. cotabato</i>	E	Mindanao, and Sanga Sanga; subsp. Batan.	
Procellariiformes	Procellariidae	Black-necked Grebe	<i>Podiceps nigricollis nigricollis</i>	M	Luzon	
		Tahiti Petrel	<i>Pterodroma rostrata rostrata</i>	A	Luzon and Negros	
		Dark-rumped Petrel	<i>Pterodroma phaeopygia sandwicensis</i>	A	Negros	
		Kermadec Petrel	<i>Pterodroma neglecta neglecta</i>	A	Luzon	
		Bonin Petrel	<i>Pterodroma hypoleuca</i>	A	Luzon	
		Bulwer's Petrel	<i>Bulweria bulwerii</i>	A	Palawan	
		Wedge-tailed Shearwater	<i>Puffinus pacificus</i>	A	Catanduanes, Leyte, Luzon, Mindanao, and Samar	
		Streaked Shearwater	<i>Calonectris leucomelas</i>	Pelagic	Basilan, Batan, Luzon, Mindanao, Negros, Pamilacan, East of Samar, and Sulu	
Pelecaniformes	Phaethontidae	Red-tailed Tropicbird	<i>Phaethon rubricauda melanorhynchos</i>	A	Bucas Grande and Luzon	
		White-tailed Tropicbird	<i>Phaethon lepturus dorotheae</i>	A	Negros and Sarangani	
	Pelecanidae	Spot-billed Pelican	<i>Pelecanus philippensis philippensis</i>	R/M	Luzon and Mindanao	
		Phalacrocoracidae Greater Cormorant	<i>Phalacrocorax carbo sinensis</i>	M	Batan, Calayan, Luzon, and Ticao	
	Anhingidae	Darter	<i>Anhinga melanogaster melanogaster</i>	R	Luzon, Mindanao, Mindoro, Negros, and Palawan	
	Sulidae	Masked Booby	<i>Sula dactylatra personata</i>	R	North Islet of Tubbataha Reefs	
		Red-footed Booby	<i>Sula sula rubripes</i>	R	Bancoran, Cagayancillo, Cavilli, Kalusa, Luzon, Maender Reef, Manuc Manucan, Mindanao, Negros, Panay, Palawan, South Islet of Tubbataha Reefs, and throughout Sulu Sea	
		Brown Booby	<i>Sula leucogaster plotus</i>	R	Arena, Bancoran, Batan, Calayan, Corregidor, Didicas Rocks, Dinagat, Jessie Beazley Reef, Kanipan Bank, Luzon, Manuc Manucan, Mindanao, Maender Reef, Negros, Samar, the North and South Islets of Tubbataha Reefs, and widespread in the Sulu Archipelago	
	Fregatidae	Great Frigatebird		<i>Fregata minor minor</i>	R/M	Arena, Bancoran, Batbatan, Cagayancillo, Cavilli, Luzon, Maender Reef, Manuc Manucan, Panay, Pamilacan, Negros, Sanga Sanga, Simunul, Tawi-tawi, North and South Islets of Tubbataha Reefs, and Ursula.
				<i>F. m. palmerstoni</i>	M	Bohol, Camotes, Catanduanes, Cebu, Luzon, Mindanao, Negros, Panay, and Samar
Lesser Frigatebird			<i>Fregata ariel ariel</i>	M/R	Agutaya, Balabac, Bantayan, Basilan, Bohol, Cagayancillo, Catanduanes, Cebu, Cuyo, Luzon, Lapac, Leyte, Limasawa, Masbate, Mindanao, Negros, Olango, Palawan, Panay, Samar, Sanga Sanga, Simunul, and Tawi-tawi	
Ardeidae	Grey Heron		<i>Ardea cinerea jouyi</i>	M	Catanduanes, Cebu, Luzon, Mindanao, Olango, and Palawan	
		Great-billed Heron	<i>Ardea sumatrana</i>	R	Bantayan, Basilan, Bohol, Busuanga, Guimaras, Mindoro, Negros, Omapoy, Palawan, Sibutu, Simaluc, Tawi-tawi, Tres Islas, and Tumindao

TABLE 2.4: PHILIPPINE BIRDS AND THEIR DISTRIBUTION

ORDER	FAMILY NAME	COMMON NAME	SCIENTIFIC NAME	RESIDENCY STATUS	DISTRIBUTION/KNOWN OCCURRENCE
		Sooty Tern	<i>Sterna fuscata nubilosa</i>	R/M	Tubbataha Reefs, Mindanao Batan, Luzon, Maender Reef, Siquijor, Tubbataha Reefs, and Ursula.
			<i>S. f. oahuensis</i>	M	Cebu, Leyte, Luzon, Masbate, Negros, Samar, and Ticao.
			<i>S. f. serrata</i>	M	Leyte; subsp. Dinagat.
		Little Tern	<i>Sterna albifrons sinensis</i>	R/M	Batan, Calagna-an, Dinagat, Guimaras, Luzon, Mindanao, Mindoro, Negros, Olango, Palawan, Panay, Pan de Azucar, Polillo, and Sicogon.
		White-winged Tern	<i>Chlidonias leucopterus</i>	M	Balabac, Batan, Cebu, Luzon, Mindanao, Mindoro, Negros, Olango, Palawan, and Panay.
		Whiskered Tern	<i>Chlidonias hybridus hybridus</i>	M	Cebu, Guimaras, Leyte, Luzon, Mactan, Mindanao, Mindoro, Negros, Olango, Palawan, and Pamilacan
			<i>C. h. javanicus</i>	M	Luzon, Mindanao, and Simunul.
		Brown Noddy	<i>Anous stolidus pileatus</i>	R	Cagayan Sulu, Dinagat, Jessie Beazley Reef, Luzon, Maender Reef, Mindanao, Palawan, and North and South Islets of Tubbataha Reefs.
		Black Noddy	<i>Anous minutus worcesteri</i>	R	Cavilli, North Islet and South Islet of Tubbataha Reefs.
Columbiformes	Columbidae	Whistling Green-Pigeon	<i>Treron formosae filipina</i>	R	Batan, Calayan, Camiguin Norte, and Sabtang.
		Thick-billed Green-Pigeon	<i>Treron curvirostra erimacra</i>	R	Balabac, Mindoro, and Palawan.
		Pompadour Green-Pigeon	<i>Treron pompadora amadoni</i>	R	Northern Luzon.
			<i>T. p. axillaris</i>	E	Alabat, Catanduanes, Lubang, southern Luzon, Mindoro and Polillo.
			<i>T. p. canescens</i>	E	Bantayan, Basilan, Biliran, Bohol, Burias, Cebu, Dinagat, Guimaras, Leyte, Masbate, Mindanao, Negros, Panay, Romblon, Samar, Semirara, Siasi, Siquijor, Tablas, Ticao, and Verde.
			<i>T. p. everetti</i>	E	Bongao, Jolo, Loran, Siasi, Sibutu, and Tawi-tawi.
		Pink-necked Green-Pigeon	<i>Treron vernans</i>	R	Bantayan, Basilan, Bohol, Bongao, Boracay, Busuanga, Calagna-an, Caluya, Camiguin Sur, Carabao, Cebu, Cullion, Dinagat, East Bolod, Gigantes, Guimaras, Jintotolo, Jolo, Leyte, Luzon, Masbate, Mindanao, Mindoro, Negros, Palawan, Panay, Pan de Azucar, Pangapuyan, Sanga Sanga, Semirara, Siargao, Siasi, Sibay, Sibutu, Sibuyan, Sicogon, Simunul, Siquijor, Tawi-tawi, and Ticao.
		White-eared Brown-Dove	<i>Phapitreron leucotis leucotis</i>	E	Alabat, Catanduanes, Lubang, Luzon, Marinduque, Mindoro, and Verde.
			<i>P. l. nigrorum</i>	E	Calagna-an, Cebu, Guimaras, Masbate, Negros, Panay, Sibuyan, Tablas, and Ticao.
			<i>P. l. brevisrostris</i>	E	Balut, Biliran, Bohol, Calicoan, Camiguin Sur, Dinagat, Leyte, Mindanao, Samar, Siargao, and Siquijor.
			<i>P. l. occipitalis</i>	E	Basilan and Jolo.
		Amethyst Brown-Dove	<i>Phapitreron amethystina amethystina</i>	E	Alabat, Biliran, Bohol, Catanduanes, Dinagat, Leyte, Luzon, Mindanao, Panaon, Polillo, and Samar.

					Tawi-tawi
		Philippine Hawk-Owl	<i>N. s. florensis</i> <i>Ninox philippensis philippensis</i>	M E	Calayan, Jolo, Luzon, and Mindanao; subsp. Fuga. Biliran, Buad, Catanduanes, Leyte, Luzon, Marinduque, Polillo, and Samar.
			<i>N. p. spilocephala</i>	E	Basilan, Dinagat, Mindanao, and Siargao.
			<i>N. p. reyi</i>	E	Bongao, Jolo, Sanga Sanga, Siasi, Sibutu, and Tawi-tawi.
			<i>N. p. centralis</i>	E	Bohol, Boracay, Carabao, Guimaras, Negros, Panay, Semirara and Siquijor
			<i>N. p. spilonota</i>	E	Camiguin Sur, Cebu, Sibuyan, and Tablas.
			<i>N. p. proxima</i>	E	Masbate.
			<i>N. p. ticaoensis</i>	E	Ticao.
			<i>N. p. mindorensis</i>	E	Mindoro.
		Spotted Wood-Owl	<i>Strix seloputo wiepkeni</i>	E	Busuanga and Palawan.
		Short-eared Owl	<i>Asio flammeus flammeus</i>	M	Luzon, Mindanao, Mindoro, Olango, and Palawan.
Caprimulgiformes	Podargidae	Philippine Frogmouth	<i>Batrachostomus septimus microrhynchus</i>	E	Catanduanes and Luzon.
			<i>B. s. septimus</i>	E	Basilan, Bohol, Leyte, Mindanao, and Samar.
			<i>B. s. menagei</i>	E	Negros and Panay.
		Javan Frogmouth	<i>Batrachostomus javensis chaseni</i>	E	Busuanga, Culion, and Palawan.
	Caprimulgidae	Great Eared Nightjar	<i>Eurostopodus macrotis macrotis</i>	E	Basilan, Biliran, Bohol, Catanduanes, Dinagat, Leyte, Luzon, Marinduque, Mindanao, Mindoro, Samar, and Siargao.
		Grey Nightjar	<i>Caprimulgus indicus jotaka</i>	M	Bongao, Calayan, Luzon, Mindanao, Mindoro, Negros, and Palawan.
		Large-tailed Nightjar	<i>Caprimulgus macrurus johnsoni</i>	E	Busuanga, Calauit, Culion, Palawan, and Rasa.
		Philippine Nightjar	<i>Caprimulgus manillensis manillensis</i>	E	Bantayan, Basilan, Biliran, Bohol, Calagna-an, Cebu, Leyte, Luzon, Masbate, Mindanao, Mindoro, Negros, Panay, Romblon, Samar, Sibuyan, Siquijor, and Ticao.
		Savanna Nightjar	<i>Caprimulgus affinis griseatus</i>	E	Catanduanes, Cebu, Luzon, Mindoro, Negros, and Sibuyan.
Apodiformes	Apodidae	Whitehead's Swiftlet	<i>C. a. mindanensis</i> <i>Collocalia whiteheadi whiteheadi</i>	E E	Jolo and Mindanao. Luzon.
		Island Swiftlet	<i>C. w. origenis</i> <i>Collocalia vanikorensis palawanensis</i> <i>C. v. ameils</i>	E E R	Mindanao; subsp. Negros. Palawan. Bantayan, Batan, Bohol, Cagayancillo, Calagna-an, Catanduanes, Cebu, Dinagat, Gigantes, Luzon, Marinduque, Mindanao, Mindoro, Sibuyan, and Verde.
		Philippine Swiftlet	<i>Collocalia mearnsi</i>	E	Bohol, Camiguin Sur, Cebu, Luzon, Mindanao, Mindoro, Negros, Palawan, and Panay.
		Black-nest Swiftlet	<i>Collocalia maxima lowi</i>	R	Palawan.
		Mossy-nest Swiftlet	<i>Collocalia salangana maratua</i>	R	Basilan.
		Edible-nest Swiftlet	<i>Collocalia fuciphaga germani</i>	R	Cagayancillo, Cagayan Sulu, Culion, Cuyo, Palawan, Panay, and Ticao.
		Glossy Swiftlet	<i>Collocalia esculenta septentrionalis</i> <i>C. e. isonota</i>	E E	Babuyan Claro, Calayan, Camiguin Norte, and Fuga. Northern Luzon.

TABLE 2.4: PHILIPPINE BIRDS AND THEIR DISTRIBUTION

ORDER	FAMILY NAME	COMMON NAME	SCIENTIFIC NAME	RESIDENCY STATUS	DISTRIBUTION/KNOWN OCCURRENCE
	Alaudidae	Singing Bushlark	<i>Mirafra javanica philippinensis</i>	R	Luzon and Mindoro.
			<i>M. j. mindanensis</i>	E	Mindanao and Negros.
		Oriental Skylark	<i>Alauda gulgula wolfei</i>	R	Biliran, Bohol, Luzon, Mindanao, Negros, Sibuyan, and Ticao.
	Campephagidae	Bar-bellied Cuckoo-shrike	<i>Coracina striata difficilis</i>	R	Balabac, Busuanga, Culion, and Palawan.
			<i>C. s. striata</i>	E	Catanduanes, Lubang, Luzon, Marinduque, and Polillo.
			<i>C. s. boholensis</i>	E	Biliran, Bohol, Calicoan, Leyte, Panaon, and Samar.
			<i>C. s. kochii</i>	E	Basilan, Malamaui, Mindanao, and Nipa.
			<i>C. s. guillemardi</i>	E	Bongao, Jolo, Lapac, Sanga Sanga, Sibutu, Simunul, and Tawi-tawi.
			<i>C. s. cebuensis</i>	E	Cebu.
			<i>C. s. panayensis</i>	E	Guimaras, Masbate, Negros, Panay, and Ticao.
			<i>C. s. mindorensis</i>	E	Libagao, Mindoro, and Tablas.
		Blackish Cuckoo-shrike	<i>Coracina coeruleescens coeruleescens</i>	E	Catanduanes and Luzon.
			<i>C. c. deschauenseei</i>	E	Marinduque.
			<i>C. c. altera</i>	E	Cebu.
		Black-bibbed Cuckoo-shrike	<i>Coracina mindanensis lecrovae</i>	E	Luzon.
			<i>C. m. ripleyi</i>	E	Biliran, Bohol, Leyte, and Samar.
			<i>C. m. mindanensis</i>	E	Basilan and Mindanao.
			<i>C. m. everetti</i>	E	Bongao, Jolo, Lapac, and Tawi-tawi.
			<i>C. m. elusa</i>	E	Mindoro.
		White-winged Cuckoo-shrike	<i>Coracina ostenta</i>	E	Guimaras, Negros, and Panay.
		McGregor's Cuckoo-shrike	<i>Coracina mcgregori</i>	E	Mindanao (Dagupan, Misamis Oriental and Mts. Busa, Kitanglad, Malindang, and Mayo)
		Black-and-White Triller	<i>Lalage melanoleuca melanoleuca</i>	E	Luzon, Mindoro, and Semirara.
			<i>L. m. minor</i>	E	Leyte, Mindanao, and Samar.
		Pied Triller	<i>Lalage nigra chilensis</i>	R	Apo, Bantayan, Banton, Basilan, Biliran, Bohol, Bongao, Boracay, Burias, Cabo, Cagayancillo, Cagayan Sulu, Calagna-an, Calamianes, Caluya, Camiguin Sur, Camotes, Catanduanes, Cebu, Corregidor, Cuyo, Dammi, Dinagat, Dungdung, Gigantes, Guimaras, Jolo, Leyte, Loran, Lubang, Luzon, Mactan, Malamaui, Malanipa, Marinduque, Masbate, Mindanao, Mindoro, Negros, Olango, Omapoy, Palawan, Panay, Pan de Azucar, Pangapuyan, Polillo, Pujada, Romblon, Samar, Sanga Sanga, Semirara, Siargao, Siasi, Sibay, Sibutu, Sibuyan, Siccogon, Simaluc, Siquijor, Tablas, Talicud, Tawi-tawi, Ticao, and Ursula.
		Ashy Minivet	<i>Pericrocotus divaricatus divaricatus</i>	M	Balabac, Basilan, Bohol, Calayan, Luzon, Mindoro, Negros, Palawan, and Polillo.
		Small Minivet	<i>Pericrocotus cinnamomeus igneus</i>	R	Palawan.
		Scarlet Minivet	<i>Pericrocotus flammeus novus</i>	R	Luzon and Negros.
			<i>P. f. leytenis</i>	E	Bohol, Leyte, and Samar.
			<i>P. f. gonzalesi</i>	E	Northern and Eastern Mindanao.
			<i>P. f. johnstoniae</i>	E	Central Mindanao.

TABLE 2.4: PHILIPPINE BIRDS AND THEIR DISTRIBUTION

ORDER	FAMILY NAME	COMMON NAME	SCIENTIFIC NAME	RESIDENCY STATUS	DISTRIBUTION/KNOWN OCCURRENCE
			<i>P. f. nigroluteus</i>	E	Southern Mindanano.
			<i>P. f. marchesae</i>	E	Jolo.
	Motacillidae	Forest Wagtail	<i>Dendronanthus indicus</i>	M	Balabac, Calayan, Palawan, Negros
		Yellow Wagtail	<i>Motacilla flava</i>	M	Throughout the Phils.
		Gray Wagtail	<i>Motacilla cinerea</i>	M	Throughout the Phils.
		White Wagtail (=Pied Wagtail)	<i>Montacilla alba</i>	M	Throughout the Phils.
		Richard's Pipit	<i>Anthus novaeseelandiae</i>	RM	Throughout the Phils.
		Petchora Pipit	<i>Anthus gustavi</i>	M	Throughout the Phils.
		Olive Tree Pipit	<i>Anthus hodgsoni</i>	M	Throughout the Phils.
	Motacillidae	Red-throated Pipit	<i>Anthus cervinus</i>	M	Throughout the Phils.
		Fiery Minivet	<i>Pericrocotus igneus</i>	R	Palawan
	Chloropseidae	Philippine Leafbird	<i>Chloropsis flavipennis</i>	E	Cebu, Leyte, and Mindanao.
		Yellow-throated Leafbird	<i>Chloropsis palawanensis</i>	E	Balabac, Busuanga, Calauit, Coron, Culion, Dumaran, and Palawan.
		Common Iora	<i>Aegithina tiphia aequanimis</i>	R	Dumaran and Palawan.
	Pycnonotidae	Black-headed Bulbul	<i>Pycnonotus atriceps atriceps</i>	R	Calauit, Dumaran, and Palawan.
		Yellow-vented Bulbul	<i>Pycnonotus goiavier goiavier</i>	R	Boracay, Calagna-an, Caluya, Carabao, Catanduanes, Gigantes, Guimaras, Libagao, Luzon, Marinduque, Masbate, Mindoro, Nadulao, Negros, Panay, Pan de Azucar, Panubulon, Romblon, Sibuyan, Sicogon, Tablas, and Verde.
			<i>P. g. samarensis</i>	E	Biliran, Bohol, Buad, Camotes, Cebu, Leyte, Olango, Samar, and Ticao.
			<i>P. g. suluensis</i>	E	Banga, Basilan, Bongao, Buluan, Cabo, Camiguin Sur, Dinagat, Dungdung, East Bolod, Jolo, Loran, Malanipa, Mindanao, Nipa, Pangapuyan, Pujada, Sanga Sanga, Siasi, Talicud, and West Bolod.
		Yellow -wattled Bulbul	<i>Pycnonotus urostictus ilokensis</i>	E	Northern Luzon.
			<i>P. u. urostictus</i>	E	Catanduanes, Central and Southern Luzon, and Polillo.
			<i>P. u. atricaudatus</i>	E	Biliran, Bohol, Leyte, Panaon, and Samar.
			<i>P. u. philippensis</i>	E	Bucas, Dinagat, Mindanao (except Zamboanga Peninsula), and Siargao.
			<i>P. u. basilanicus</i>	E	Basilan and Mindanao (Zamboanga Peninsula); subsp Negros.
		Olive-winged Bulbul	<i>Pycnonotus plumosus cinereifrons</i>	R	Busuanga, Culion, and Palawan.
			<i>P. p. hachisukae</i>	R	Cagayan Sulu.
		Grey-cheeked Bulbul	<i>Criniger bres frater</i>	R	Balabac, Busuanga, and Palawan.
		Sulphur-bellied Bulbul	<i>Hypsipetes palawanensis</i>	E	Palawan.
		Philippine Bulbul	<i>Hypsipetes philippinus philippinus</i>	E	Banton, Calaguas, Catanduanes, Corregidor, Fortune, Lubang, Luzon, Marinduque, and Polillo.
			<i>H. p. parkesi</i>	E	Burias.
			<i>H. p. saturator</i>	E	Balut, Biliran, Bohol, Buad, Cabo, Calicoan, Cebu, Leyte, Mactan, Mindanao(except Zamboanga Peninsula), Olango, Panaon, Pujada, Samar, and Talicud.

TABLE 2.4: PHILIPPINE BIRDS AND THEIR DISTRIBUTION

ORDER	FAMILY NAME	COMMON NAME	SCIENTIFIC NAME	RESIDENCY STATUS	DISTRIBUTION/KNOWN OCCURRENCE
			<i>H. p. guimarasensis</i>	E	Bantayan, Boracay, Calagna-an, Carabao, Gigantes, Guimaras, Masbate, Negros, Panay, Sicogon, Ticao, and Verde.
			<i>H. p. mindorensis</i>	E	Mindoro and Semirara.
		Zamboanga Bulbul	<i>Hypsipetes ruficularis</i>	E	Basilan, Malamau, and Mindanao (Zamboanga Peninsula and the Lanao provinces particularly area around Lake Lanao).
		Streak-breasted Bulbul	<i>Hypsipetes siquijorensis cinereiceps</i>	E	Romblon and Tablas.
			<i>H. s. monticola</i>	E	Cebu.
			<i>H. s. siquijorensis</i>	E	Siquijor.
		Yellowish Bulbul	<i>Hypsipetes everetti everetti</i>	E	Biliran, Bucas, Dinagat, Leyte, Mindanao, Panaon, Samar, and Siargao.
			<i>H. e. haynaldi</i>	E	Bongao, Jolo, Sanga Sanga, Sibutu, and Tawi-tawi.
			<i>H. e. catamanensis</i>	E	Camiguin Sur.
		Chestnut-eared Bulbul	<i>Hypsipetes amaurotis batanensis</i>	R	Babuyan Claro, Batan, Ivojos, and Sabtang.
			<i>H. a. fugensis</i>	E	Calayan, Dalupiri, and Fuga.
			<i>H. a. camiguinensis</i>	E	Camiguin Norte.
	Dicruridae	Ashy Drongo	<i>Dicrurus leucophaeus leucophaeus</i>	R	Balabac, Busuanga, Culion, and Palawan.
		Crow-billed Drongo	<i>Dicrurus annectans</i>	M	Bongao, Jolo, and Sanga Sanga.
		Balicassiao	<i>Dicrurus balicassius abraensis</i>	E	Northern Luzon.
			<i>D. b. balicassius</i>	E	Catanduanes, Lubang, Central and Southern Luzon, Marinduque, Mindoro, Polillo, and Verde.
			<i>D. b. mirabilis</i>	E	Bantayan, Cebu, Guimaras, Masbate, Negros, Panay, and Ticao.
		Spangled Drongo	<i>Dicrurus hottentottus palawanensis</i>	R	Balabac, Busuanga, Cagayan Sulu, Culion, Palawan, and Tara.
			<i>D. h. cuyensis</i>	E	Cuyo and Semirara.
			<i>D. h. samarensis</i>	E	Biliran, Bohol, Calicoan, Leyte, Panaon and Samar.
			<i>D. h. menagei</i>	E	Tablas.
			<i>D. h. striatus</i>	E	Basilan, Mindanao, and Nipa.
			<i>D. h. suluensis</i>	R	Bongao, Jolo, Lapac, Sanga Sanga, Sibutu, Simunul, and Tawi-tawi.
	Oriolidae	Dark-throated Oriole	<i>Oriolus xanthonotus persuasus</i>	R	Culion and Palawan.
		Philippine Oriole	<i>Oriolus steerii albiloris</i>	E	Western and Northern Luzon (Bataan, Benguet, Cagayan, Ilocos Norte, and Nueva Ecija Provinces).
			<i>O. s. samarensis</i>	E	Bohol, Leyte, Eastern Mindanao, and Samar.
			<i>O. s. basilanicus</i>	E	Basilan and Western Mindanao.
			<i>O. s. cinereogenys</i>	E	Bongao and Tawi-tawi.
			<i>O. s. steerii</i>	E	Masbate and Negros
			<i>O. s. assimilis</i>	E	Cebu.
		Black-naped Oriole	<i>Oriolus chinensis chinensis</i>	R	Banton, Balabac, Batan, Burias, Busuanga, Cagayancillo, Calait, Calayan, Camiguin Norte, Catanduanes, Corregidor, Culion, Cuyo, Dalupiri, Fuga, Libagao, Lubang, Luzon, Maestre de Campo, Marinduque, Mindoro, Palawan, Polillo,

TABLE 2.4: PHILIPPINE BIRDS AND THEIR DISTRIBUTION

ORDER	FAMILY NAME	COMMON NAME	SCIENTIFIC NAME	RESIDENCY STATUS	DISTRIBUTION/KNOWN OCCURRENCE
			<i>P. e. albescens</i>	E	Guimaras, Masbate, Negros, and Ticao.
			<i>P. e. visayanus</i>	E	Cebu.
		White-fronted Tit	<i>Parus semilarvatus snowi</i>	E	Northeastern Luzon (Sierra Madre Mts.)
			<i>P. s. semilarvatus</i>	E	Central and Southern Luzon.
			<i>P. s. nehrkorni</i>	E	Mindanao.
Sittidae		Velvet-fronted Nuthatch	<i>Sitta frontalis palawana</i>	E	Balabac and Palawan.
			<i>S. f. mesoleuca</i>	E	Northwestern Luzon.
			<i>S. f. isarog</i>	E	Northeast, Central and Southern Luzon.
			<i>S. f. lilacea</i>	E	Biliran, Leyte, and Samar.
			<i>S. f. oenochlamys</i>	E	Cebu, Guimaras, Negros, and Panay
			<i>S. f. apo</i>	E	Mindanao (except Zamboanga Peninsula).
			<i>S. f. zamboanga</i>	E	Basilan, East Bolod, and Mindanao (Zamboanga Peninsula).
Rhabdornithidae		Striped-headed Rhabdornis	<i>Rhabdornis mystacalis mystacalis</i>	E	Catanduanes, Luzon, Masbate, Negros, and Panay.
			<i>R. m. minor</i>	E	Basilan, Bohol, Calicoan, Dinagat, Leyte, Mindanao, and Samar.
		Grand Rhabdornis	<i>Rhabdornis grandis</i>	E	Luzon (Cordillera and Sierra Madre Mts.).
		Striped-breasted Rhabdornis	<i>Rhabdornis inornatus inornatus</i>	E	Samar.
			<i>R. i. leytenis</i>	E	Biliran and Leyte.
			<i>R. i. alaris</i>	E	Mindanao.
			<i>R. i. rabori</i>	E	Negros and Panay.
Timaliidae		Bagobo Babbler	<i>Leonardina woodi</i>	E	Mindanao (Mts. Busa, Apo, Kitanglad, Malindang, Piapayungan, and Putting Bato).
		Ashy-headed Babbler	<i>Trichastoma cinereiceps</i>	E	Balabac and Palawan.
		Melodious Babbler	<i>Malacopteron palawanense</i>	E	Balabac and Palawan.
		Falcated Ground-babbler	<i>Ptilocichla falcata</i>	E	Balabac and Palawan.
		Streaked Ground-babbler	<i>Ptilocichla mindanensis minuta</i>	E	Leyte and Samar.
			<i>P. m. fortichi</i>	E	Bohol.
			<i>P. m. mindanensis</i>	E	Mindanao (except western part of Zamboanga Peninsula).
			<i>P. m. basilanica</i>	E	Basilan and Mindanao (Mt. Sugarloaf and west on Zamboanga Peninsula).
		Rabor's Wren-babbler	<i>Napothera rabori rabori</i>	E	Northern Luzon including Cordillera (Ilocos Norte Prov) and Northern Sierra Madre Mts. (Cagayan and Aurora Prov).
			<i>N. r. mesoluzonica</i>	E	East Central Luzon (Laguna Prov)
			<i>N. r. sorsogonensis</i>	E	Southern Luzon (Sorsogon and Camarines Sur Prov).
		Pygmy Babbler	<i>Stachyris plateni pygmaea</i>	E	Leyte and Samar.
			<i>S. p. plateni</i>	E	Mindanao.
		Rusty-crowned Babbler	<i>Stachyris capitalis capitalis</i>	E	Dinagat.
			<i>S. c. euroaustralis</i>	E	Mindanao (except the Zamboanga Peninsula).
			<i>S. c. isabelae</i>	E	Basilan and Mindanao (Zamboanga Peninsula).
		Black-crowned Babbler	<i>Stachyris nigrocapitata affinis</i>	E	Catanduanes, and East, Central, and Southern Luzon.
			<i>S. n. nigrocapitata</i>	E	Leyte and Samar.
			<i>S. n. boholensis</i>	E	Bohol.
		Golden-crowned Babbler	<i>Stachyris dennistouni</i>	E	Northern Luzon (northern Cordillera Mts. and in the Sierra

TABLE 2.4: PHILIPPINE BIRDS AND THEIR DISTRIBUTION

ORDER	FAMILY NAME	COMMON NAME	SCIENTIFIC NAME	RESIDENCY STATUS	DISTRIBUTION/KNOWN OCCURRENCE
	Sylviidae	Golden-bellied Flyeater	<i>Gerygone sulphurea simplex</i>	R	Bohol, Catanduanes, Cebu, Lubang, Luzon, Marinduque, Mindoro, Negros, Olango, Palawan, Samar, Siquijor, and Verde.
			<i>G. s. rhizophorae</i>	E	Basilan, Bongao, Cabo, Jolo, Mindanao, Omapoy, Pangapuyan, Saluag, Sanga Sanga, Siasi, Simunul, Talicud, Tataan, and Tawi-tawi.
		Yellow-breasted Warbler	<i>Seicercus montis xanthopygius</i>	R	Palawan.
		Dusky Warbler	<i>Phylloscopus fuscatus fuscatus</i>	M	Mindoro.
		Radde's Warbler	<i>Phylloscopus schwarzi</i>	M	Luzon. (Once in Sierra Madre Mts., Isabela Province on 21 February 1997)
		Ijima's Leaf-Warbler	<i>Phylloscopus ijimae</i>	M	Luzon. (Known from 6 specimens obtained on 15 December 1947 from Mt. Cayapo, Bataan Province)
		Arctic Warbler	<i>Phylloscopus borealis</i>	M	Apo Reef, Balabac, Bantayan, Basilan, Batan, Biliran, Bohol, Bongao, Burias, Cagayancillo, Calayan, Caluya, Catanduanes, Cebu, Culion, Cuyo, Dinagat, Fuga, Guimaras, Leyte, Lubang, Luzon, Maestre de Campo, Marinduque, Masbate, Mindanao, Mindoro, Negros, Omapoy, Palawan, Panay, Pan de Azucar, Polillo, Pujada, Romblon, Saluag, Samar, Sanga Sanga, Semirara, Siargao, Sibutu, Sibuyan, Sicogon, Simunul, Sipangkot, Siquijor, Tablas, Tambaran, Tawi-tawi, Ticao, and Verde.
			<i>P. b. hylebata</i>	M	Apo Reef, Balabac, Bantayan, Basilan, Batan, Biliran, Bohol, Bongao, Burias, Cagayancillo, Calayan, Caluya, Catanduanes, Cebu, Culion, Cuyo, Dinagat, Fuga, Guimaras, Leyte, Lubang, Luzon, Maestre de Campo, Marinduque, Masbate, Mindanao, Mindoro, Negros, Omapoy, Palawan, Panay, Pan de Azucar, Polillo, Pujada, Romblon, Saluag, Samar, Sanga Sanga, Semirara, Siargao, Sibutu, Sibuyan, Sicogon, Simunul, Sipangkot, Siquijor, Tablas, Tambaran, Tawi-tawi, Ticao, and Verde.
			<i>P. b. transbaicalicus</i>	M	Apo Reef, Balabac, Bantayan, Basilan, Batan, Biliran, Bohol, Bongao, Burias, Cagayancillo, Calayan, Caluya, Catanduanes, Cebu, Culion, Cuyo, Dinagat, Fuga, Guimaras, Leyte, Lubang, Luzon, Maestre de Campo, Marinduque, Masbate, Mindanao, Mindoro, Negros, Omapoy, Palawan, Panay, Pan de Azucar, Polillo, Pujada, Romblon, Saluag, Samar, Sanga Sanga, Semirara, Siargao, Sibutu, Sibuyan, Sicogon, Simunul, Sipangkot, Siquijor, Tablas, Tambaran, Tawi-tawi, Ticao, and Verde.
			<i>P. b. xanthodyras</i>	M	Apo Reef, Balabac, Bantayan, Basilan, Batan, Biliran, Bohol, Bongao, Burias, Cagayancillo, Calayan, Caluya, Catanduanes, Cebu, Culion, Cuyo, Dinagat, Fuga, Guimaras, Leyte, Lubang, Luzon, Maestre de Campo, Marinduque, Masbate, Mindanao,

TABLE 2.4: PHILIPPINE BIRDS AND THEIR DISTRIBUTION

ORDER	FAMILY NAME	COMMON NAME	SCIENTIFIC NAME	RESIDENCY STATUS	DISTRIBUTION/KNOWN OCCURRENCE
			<i>P. b. kennicotti</i>	M	Mindoro, Negros, Omapoy, Palawan, Panay, Pan de Azucar, Polillo, Pujada, Romblon, Saluag, Samar, Sanga Sanga, Semirara, Siargao, Sibutu, Sibuyan, Sicogon, Simunul, Sipangkot, Siquijor, Tablas, Tamaran, Tawi-tawi, Ticao, and Verde.
		Philippine Leaf-Warbler	<i>Phylloscopus olivaceus</i>	E	Basilan, Biliran, Bohol, Dinagat, Jolo, Leyte, Mindanao, Negros, Samar, Sanga Sanga, Sipangkot, and Tawi-tawi.
		Lemon-throated Leaf-warbler	<i>Phylloscopus cebuensis luzonensis</i>	E	Northern and Central Luzon.
			<i>P. c. sorsogonensis</i>	E	Southern Luzon.
			<i>P. c. cebuensis</i>	E	Cebu and Negros.
		Mountain Leaf-Warbler	<i>Phylloscopus trivirgatus peterseni</i>	R	Palawan.
			<i>P. i. benguetensis</i>	E	Northern Luzon.
			<i>P. i. diuatae</i>	E	Camiguin Sur and northeast Mindanao (Mt. Hilong-Hilong).
			<i>P. i. mindanensis</i>	E	South Central Mindanao (Mt. Apo)
			<i>P. i. flavostriatus</i>	E	North Central Mindanao (Mt. Kitanglad, mountains of eastern Misamis Oriental).
			<i>P. i. malindangensis</i>	E	Western Mindanao (Mt. Malindang).
			<i>P. i. nigrorum</i>	E	Negros and Panay; subsp Western Luzon (including Zambales Mts), southern Luzon, and Mindoro; subsp Southern Mindanao (Mts. Busa and Parker); subsp Eastern Mindanao (Mts. Mayo, Pasion, and Putting Bato).
		Clamorous Reed-Warbler	<i>Acrocephalus stentoreus harterti</i>	R	Bohol, Leyte, Luzon, Mindanao, and Mindoro.
		Oriental Reed-Warbler	<i>Acrocephalus orientalis</i>	M	Batan, Bohol, Calayan, Cebu, Luzon, Marinduque, Mindanao, Mindoro, Negros, Olango, Palawan, Saluag, Sibuyan, Sicogon, and Siasi.
		Streaked Reed-Warbler	<i>Acrocephalus sorghophilus</i>	M	Bohol, Luzon, and Negros.
		Tawny Grassbird	<i>Megalurus timoriensis tweeddalei</i>	R	Banton, Boracay, Calagna-an, Caluya, Carabao, Catanduanes, Gigantes, Guimaras, Lubang, Luzon, Marinduque, Masbate, Negros, Pan de Azucar, Romblon, Semirara, Sibay, Sibuyan, Samar, Sicogon, Siquijor, Tablas, and Ticao.
			<i>M. t. alopex</i>	E	Biliran, Bohol, Cebu, and Leyte.
			<i>M. t. mindorensis</i>	E	Mindoro.
			<i>M. t. crex</i>	E	Basilan, Camiguin Sur and Mindanao
		Striated Grassbird	<i>Megalurus palustris forbesi</i>	R	Basilan, Biliran, Bohol, Calagna-an, Camotes, Catanduanes,

TABLE 2.4: PHILIPPINE BIRDS AND THEIR DISTRIBUTION

ORDER	FAMILY NAME	COMMON NAME	SCIENTIFIC NAME	RESIDENCY STATUS	DISTRIBUTION/KNOWN OCCURRENCE
		Gray's Grasshopper-Warbler	<i>Locustella fasciolata</i>	M	Cebu, Dinagat, Gigantes, Leyte, Luzon, Marinduque, Masbate, Mindanao, Mindoro, Negros, Palawan, Panay, Pujada, Samar, Siargao, Sibuyan, and Ticao.
		Lanceolated Warbler	<i>Locustella lanceolata</i>	M	Basilan, Batan, Calayan, Jolo, Leyte, Luzon, Marinduque, Mindanao, Mindoro, Negros, Sanga Sanga, Tablas, and Tawi-tawi.
		Middendorff's Grasshopper-Warbler	<i>Locustella ochotensis</i>	M	Basilan, Batan, Bohol, Calayan, Carabao, Catanduanes, Fuga, Luzon, Marinduque, Mindanao, Mindoro, Negros, Palawan, Romblon, Samar, Siargao, and Sibuyan.
		Philippine Tailorbird	<i>Orthotomus castaneiceps chloronotus</i>	E	North and Central Luzon (south to Bataan and Quezon Prov).
			<i>O. c. frontalis</i>	E	Balut, Biliran, Bohol, Cabo, Calicoan, Dinagat, Leyte, Mindanao, Samar, and Siargao.
			<i>O. c. mearnsi</i>	E	Basilan.
			<i>O. c. castaneiceps</i>	E	Bantayan, Calagna-an, Guimaras, Masbate, Pan de Azucar, Panay, and Ticao.
			<i>O. c. rabori</i>	E	Cebu and Negros.
		Grey-backed Tailorbird	<i>Orthotomus derbianus derbianus</i>	E	Central and Southern Luzon, and Palawan.
			<i>O. d. nilesi</i>	E	Catanduanes.
		Mountain Tailorbird	<i>Orthotomus cucullatus viridicollis</i>	R	Palawan.
			<i>O. c. philippinus</i>	E	Luzon.
			<i>O. c. heterolaemus</i>	E	Mindanao (Mts Apo, Busa, Kitanglad, Matutum, Mayo, and Puting Bato).
		Ashy Tailorbird	<i>Orthotomus ruficeps cagayanensis</i>	R	Cagayan Sulu.
		Rufous-tailed Tailorbird	<i>Orthotomus sericeus sericeus</i>	R	Balabac, Busuanga, Cagayan Sulu, Culion, Omapoy, Palawan, Sibutu, Sipangkot, Sitanki, and Tumindao.
		Yellow-breasted Tailorbird	<i>Orthotomus samarensis</i>	E	Bohol, Leyte, and Samar.
		Black-headed Tailorbird	<i>Orthotomus nigriceps</i>	E	Dinagat, Mindanao (Agusan, Surigao, and Eastern Davao provinces), and Siargao.
		White-eared Tailorbird	<i>Orthotomus cinereiceps obscurior</i>	E	Mindanao (Central, Southern and Western Mindanao).
			<i>O. c. cinereiceps</i>	E	Basilan.
		Bright-capped Cisticola	<i>Cisticola exilis semirufa</i>	R	Bantayan, Basilan, Batbatan, Biliran, Bohol, Boracay, Burias, Calagna-an, Caluya, Camiguin Sur, Catanduanes, Cebu, Dinagat, Jolo, Lapas, Leyte, Lubang, Luzon, Maralison, Marinduque, Masbate, Mindanao, Mindoro, Negros, Panay, Pan de Azucar, Romblon, Samar, Semirara, Siargao, Siasi, Sibay, Sibuyan, Sicogon, Siquijor, Tablas, Talicud, Ticao, and Verde.
		Zitting Cisticola	<i>Cisticola juncidis nigrostriata</i>	R	Culion and Palawan.
			<i>C. j. bruniceps</i>	R	Batan, Ivojos and Sabtang
			<i>C. j. tinnabulans</i>	R	Basilan, Biliran, Bohol, Calayan, Camiguin Norte, Catanduanes, Dinagat, Fuga, Leyte, Luzon, Mindanao, Mindoro, Negros, Panay and Siargao
		Oriental Bush-Warbler	<i>Cettia diphone canturians</i>	M	Apo Reef, Calayan, Fuga, Luzon, and Negros.

TABLE 2.4: PHILIPPINE BIRDS AND THEIR DISTRIBUTION

ORDER	FAMILY NAME	COMMON NAME	SCIENTIFIC NAME	RESIDENCY STATUS	DISTRIBUTION/KNOWN OCCURRENCE
			<i>C. d. borealis</i>	M	Batan and Luzon.
		Luzon Bush-Warbler	<i>Cettia seebohmi</i>	E	Northwestern Luzon.
		Sunda Bush-Warbler	<i>Cettia vulcania palawana</i>	E	Palawan (Mt. Mantalingajan only).
		Benguet Bush-Warbler	<i>Bradypterus seebohmi</i>	E	Luzon.
		Long-tailed Ground-Warbler	<i>Bradypterus caudatus caudatus</i>	E	Northwest Luzon (Benguet, Ifugao, and Nueva Vizcaya Prov) and Northeast Luzon (Aurora Prov).
			<i>B. c. unicolor</i>	E	Central and Eastern Mindanao (Mts Apo, Busa, Kitanglad, and Pasion).
			<i>B. c. malindangensis</i>	E	Northwestern Mindanao (Mt Malindang).
	Muscicapidae	Rufous-tailed Jungle-Flycatcher	<i>Rhinomyias ruficauda boholensis</i>	R	Bohol.
			<i>R. r. samarensis</i>	E	Biliran, Dinagat, Leyte, Eastern and Central Mindanao and Samar.
			<i>R. r. zamboanga</i>	E	Southern and Western Mindanao (Zamboanga Peninsula and Mt. Matutum).
			<i>R. r. ruficauda</i>	E	Basilan.
			<i>R. r. occularis</i>	E	Pangamian, Jolo, and Tawi-tawi.
		White-throated Jungle-Flycatcher	<i>Rhinomyias albigularis</i>	E	Guimaras, Negros, and Panay.
		Luzon Jungle-Flycatcher	<i>Rhinomyias insignis</i>	E	Northern Luzon (Cordillera and Sierra Madre Mts).
		Goodfellow's Jungle Flycatcher	<i>Rhinomyias goodfellowi</i>	E	North to South Central Mindanao (Mts Apo, Busa, and Kitanglad, and Misamis Oriental Prov).
		Dark-sided Flycatcher	<i>Muscicapa sibirica</i>	M	Culion and Palawan.
		Asian Brown Flycatcher	<i>Muscicapa dauurica dauurica</i>	M	Bongao, Jolo, Mindanao, Palawan, Samar, Sanga Sanga, and Sibutu.
		Ashy-breasted Flycatcher	<i>Muscicapa randi</i>	E	Negros and Luzon.
		Grey-streaked Flycatcher	<i>Muscicapa griseisticta</i>	M	Balabac, Balut, Basilan, Batan, Biliran, Bohol, Bongao, Burias, Busuanga, Cagayancillo, Cagayan Sulu, Calagna-an, Calayan, Calicoan, Caluya, Catanduanes, Cebu, Culion, Cuyo, Dinagat, Leyte, Lubang, Luzon, Marinduque, Masbate, Mindanao, Mindoro, Negros, Omapoy, Palawan, Panay, Pan de Azucar, Polillo, Pujada, Samar, Siargao, Sibutu, Sibuyan, Sicogon, Simunul, Siquijor, and Tawi-tawi.
		Ferruginous Flycatcher	<i>Muscicapa ferruginea</i>	M	Luzon, Mindoro, Palawan, Panay, and Sibutu.
		Mountain Verditer-Flycatcher	<i>Eumyias panayensis nigrimentalis</i>	R	Luzon and Mindoro.
			<i>E. p. nigriloris</i>	E	Mindanao.
			<i>E. p. panayensis</i>	E	Negros and Panay.
		Narcissus Flycatcher	<i>Ficedula narcissina narcissina</i>	M	Batan, Bongao, Calayan, Cebu, Luzon, Mindanao, Mindoro, Negros, Omapoy, Palawan, Saluag, Sibutu, and Tawi-tawi.
		Mugimaki Flycatcher	<i>Ficedula mugimaki</i>	M	Luzon, Mindanao, Negros, and Sibutu.
		Snowy-browed Flycatcher	<i>Ficedula hyperythra rara</i>	R	Palawan (Mantalingajan Range only).
			<i>F. h. calayensis</i>	E	Calayan.
			<i>F. h. dulangana</i>	E	Luzon and Mindoro.
			<i>F. h. montigena</i>	E	Central Mindanao (Mts Apo and Kitanglad).
			<i>F. h. matutumensis</i>	E	Southern Mindanao (Mts Busa and Matutum).

			<i>F. h. daggayana</i>	E	North Central Mindanao (Misamis Oriental Prov)
			<i>F. h. malindangensis</i>	E	Western Mindanao (Mt. Malindang).
			<i>F. h. nigrorum</i>	E	Negros and Panay.
		Little Slaty Flycatcher	<i>Ficedula basilanica samarensis</i>	E	Leyte and Samar.
			<i>F. b. basilanica</i>	E	Basilan, Dinagat, and Mindanao.
		Red-breasted Flycatcher	<i>Ficedula parva albicilla</i>	M	Palawan.
		Palawan Flycatcher	<i>Ficedula plateneae</i>	E	Palawan.
		Furtive Flycatcher	<i>Ficedula disposita</i>	E	Western (Zambales Mts) and northeastern Luzon (northern and southern Sierra Madre Mts).
		Cryptic Flycatcher	<i>Ficedula crypta crypta</i>	E	Northeast to south central Mindanao (Mts Apo, Hilong-hilong, Matutum, and Mayo); subsp. Extreme southern Mindanao (Mt. Busa).
		Little Pied Flycatcher	<i>Ficedula westermanni palawanensis</i>	R	Southern Palawan (Mts. Matalingajan and Victoria)
			<i>F. w. rabori</i>	E	Luzon, Mindoro, Negros and Panay
			<i>F. w. westermanni</i>	R	Camiguin Sur and Mindanao
		Blue-and-white Flycatcher	<i>Cyanoptila cyanomelana cyanomelana</i>	M	Balabac, Bongao, Luzon, Negros, and Palawan.
			<i>C. c. cumatilis</i>	M	Luzon and Palawan.
		Blue-breasted Flycatcher	<i>Cyornis herioti herioti</i>	E	North and Central Luzon.
			<i>C. h. camarinensis</i>	E	Catanduanes and Southern Luzon.
		Palawan Blue Flycatcher	<i>Cyornis lemprieri</i>	E	Balabac, Busuanga, Calauit, Culion, and Palawan.
		Mangrove Blue Flycatcher	<i>Cyornis rufigastra blythi</i>	R	Catanduanes, Fortune, Luzon, and Polillo.
			<i>C. r. marinduquensis</i>	E	Marinduque.
			<i>C. r. philippinensis</i>	E	Bantayan, Banton, Basilan, Bohol, Bongao, Boracay, Buad, Burias, Calagna-an, Caluya, Camiguin Sur, Cebu, Dinagat, Gigantes, Guimaras, Jolo, Leyte, Mahanay, Masbate, Mindanao, Negros, Omapoy, Panay, Pan de Azucar, Palawan, Pujada, Romblon, Samar, Sanga Sanga, Semirara, Siasi, Sibay, Sibutu, Sibuyan, Simunul, Sipangkot, Siquijor, Tablas, Tawi-tawi, and Ticao.
			<i>C. r. mindorensis</i>	E	Mindoro.
		Citrine Canary-Flycatcher	<i>Culicicapa hellanthea septentrionalis</i>	R	Northwestern Luzon.
			<i>C. h. zimmeri</i>	E	Catanduanes and Central Luzon.
			<i>C. h. panayensis</i>	E	Biliran, Cebu, Leyte, Mindanao, Negros, Palawan, and Panay.
			<i>C. h. mayri</i>	E	Bongao and Tawi-tawi.
		Pied Fantail	<i>Rhipidura javanica nigritorquis</i>	R	Anima Sola, Banga, Bantayan, Banton, Basilan, Batbatan, Biliran, Bohol, Bongao, Boracay, Buad, Buluan, Bucas, Burias, Cabo, Calagna-an, Calauit, Caluya, Camiguin Sur, Carabao, Catanduanes, Cebu, Corregidor, Culion, Cuyo, Dammi, Dinagat, East Bolod, Guimaras, Jolo, Leyte, Lubang, Luzon, Marinduque, Masbate, Mindanao, Mindoro, Negros, Olango, Omapoy, Palawan, Panay, Pan de Azucar, Polillo, Pujada, Romblon, Saluag, Samar, Sanga Sanga, Sarangani, Semirara, Siargao, Siasi, Sibay, Sibutu, Sibuyan, Sicogon, Simunul,

					Sipangkot, Siquijor, Tablas, Talicud, Tataan, Tawi-tawi, Ticao, Tres Islas, Ursula, Verde, and West Bolod.
		Blue Fantail	<i>Rhipidura supercilii</i>	E	Bohol, Leyte, and Samar.
			<i>R. s. apo</i>	E	Mindanao (except western Zamboanga Peninsula).
			<i>R. s. supercilii</i>	E	Basilan and Western Mindanao (Zamboanga Peninsula excluding Mt. Malindang).
		Blue-headed Fantail	<i>Rhipidura cyaniceps pinicola</i>	E	northwest Luzon.
			<i>R. c. cyaniceps</i>	E	Catanduanes, northeast, central, and southern Luzon.
			<i>R. c. sauli</i>	E	Tablas.
			<i>R. c. albiventris</i>	E	Guimaras, Masbate, Negros, Panay, and Ticao.
		Black-and-Cinnamon Fantail	<i>Rhipidura nigrocinnamomea nigrocinnamo</i>	E	Central and Southern Mindanao (Mts Apo, Busa, Matutum and Parker).
			<i>R. n. hutchinsoni</i>	E	Northern, western, and eastern Mindanao (Mts Hilong-hilong, Kitanglad, Malindang, Mayo, and Puting Bato, and Civoig and Daggayan, Misamis Oriental).
		Rufous Paradise-Flycatcher	<i>Terpsiphone cinnamomea unirufa</i>	NE	Catanduanes, Cebu, Lubang, Luzon, Marinduque, Negros, Palau, Panay, Polillo, Romblon, Sibuyan, and Tablas.
			<i>T. c. cinnamomea</i>	E	Basilan, Bongao, Camiguin Sur, Dinagat, Jolo, Mindanao, Samar, Siargao, Talicud, and Tawi-tawi.
		Japanese Paradise-Flycatcher	<i>Terpsiphone atrocaudata periphthalmica</i>	Migrant Breeder	breeds on Batan, Itbayat, Ivojos, and Sabtang; migrates Luzon, Mindoro, and Palawan.
		Blue Paradise-Flycatcher	<i>Terpsiphone cyanescens</i>	E	Bantac, Batas, Busuanga, Coron, Culion, Linapacan, Palawan, Tangat, and Tara.
		Black-naped Monarch	<i>Hypothymis azurea azurea</i>	R	Balabac, Bantayan, Banton, Basilan, Bohol, Bongao, Boracay, Buad, Burias, Busuanga, Cabo, Calagna-an, Calauit, Caluya, Catanduanes, Cebu, Coron, Culion, Guimaras, Jolo, Leyte, Lubang, Luzon, Maestre de Campo, Malanipa, Marinduque, Masbate, Mindanao, Mindoro, Negros, Palawan, Panay, Polillo, Romblon, Samar, Sanga Sanga, Semirara, Siargao, Sibutu, Sibuyan, Sicogon, Simunul, Siquijor, Tablas, Talicud, Tawi-tawi Ticao and Verde.
			<i>H. a. catamanensis</i>	E	Camiguin Sur.
		Celestial Monarch	<i>Hypothymis coelestis coelestis</i>	E	Basilan, Dinagat, Luzon, Mindanao, and Samar.
			<i>H. c. rabori</i>	E	Negros and Sibuyan; subsp. Tawi-tawi.
		Short-crested Monarch	<i>Hypothymis helenae personata</i>	E	Camiguin Norte.
			<i>H. h. helenae</i>	E	Catanduanes, Luzon, Polillo, and Samar.
			<i>H. h. agusanae</i>	E	Dinagat, Eastern Mindanao, and Siargao.
	Pachycephalidae	Mangrove Whistler	<i>Pachycephala grisola plateni</i>	R	Palawan
		Green-backed Whistler	<i>Pachycephala albiventris albiventris</i>	E	Northern Luzon (Cordillera and Sierra Madre Mts).
			<i>P. a. crissalis</i>	E	Central (Mt. Banahao and Zambales Mts) and Southern (Mts Isarog and Mayon) Luzon.
			<i>P. a. mindorensis</i>	E	Mindoro.
		White-vented Whistler	<i>Pachycephala homeyeri homeyeri</i>	NE	Bongao, Jolo, Mindanao, Sanga Sanga, Siamil, Sibutu,

TABLE 2.5: PHILIPPINE MAMMALS AND THEIR DISTRIBUTION

ORDER	FAMILY NAME	COMMON NAME	SCIENTIFIC NAME	RESIDENCY STATUS	DISTRIBUTION/KNOWN OCCURRENCE
		Melon-headed whale	<i>Peponocephala electra</i>		In the tropical and subtropical waters. Seen in shallow waters. Locally common in the Tañon Strait and near Siquijor Island sighted in the eastern Sulu and Bohol Seas and Tañon Strait and Cebu Strait
		Pantropical Spotted dolphin	<i>Stenella attenuata</i>		Tropical and subtropical zones. Sighted in the Sulu Sea, South China Sea (West of Palawan), Tañon Strait, Cebu Strait, Bohol Sea, Batangas Bay, Verde Island passage and Celebes Sea
		Short-finned pilot whale	<i>Globicephala macrorhynchus</i>		Found in warm temperate to tropical waters. Sighted in the Sulu and Bohol Seas and Tañon Strait
		Risso's Dolphin	<i>Grampus griseus</i>		Worldwide. Sighted in the Tañon Strait, Visayas Sea, Bohol Sea, Cebu Strait, Camotes Sea, Eastern Sulu Sea, Celebes Sea, Eastern China Sea, and Southern Sulu Sea
		Fraser's dolphin	<i>Lagenodelphis hosei</i>		Pantropical. Distributed widely in the Phils.
		Spinner dolphin	<i>Stenella longirostris</i>		Tropical and subtropical zones. Sighted in the China Sea (West of the Palawan, Sulu Sea, Tañon Strait, Cebu Strait, Verde Island Passage, Camotes Sea, Batangas Bay and Celebes Sea
		Bottlenose dolphin	<i>Tursiops truncatus</i>	M	Tropical and temperate waters sighted in the Sulu Sea Bohol Sea, Tañon Strait, Batangas Bay, Verde Island passage and Ulugan Bay. Locally common in the Panay Gulf and Southern Sulu Sea
		Rough-toothed dolphin	<i>Steno bredanensis</i>		Tropical and subtropical. Sighted in the Sulu Sea warm temperate oceans
	Kogiidae	Pygmy sperm whale	<i>Kogia breviceps</i>		Tropical to warm temperate zones of all oceans
		Dwarf sperm whale	<i>Kogia simus</i>		Worldwide
	Physeteridae	Sperm whale	<i>Physeter catodon</i>	M	Worldwide. Sighted in the Sulu, Bohol and Celebes Sea
	Ziphiidae	Blainville's beaked whale (=Dense beaked whale)	<i>Mesoplodon densirostris</i>		Temperate and tropical waters in all oceans. Sighted in the Bohol and Sulu Seas
		Cuvier's beaked whale	<i>Ziphius cavirostris</i>		Widely distributed in offshore waters of all oceans. Sighted in the South Sulu Sea, east of Mapun and one was caught in the eastern Sulu Sea
	Phocoenidae	Finless porpoise	<i>Neophocaena phocaenoides</i>	M	Indo-Pacific waters tropical to temperate zones. Sighted in the South China Sea, Northwest of Palawan
Sirenea	Dugongidae	Dugong	<i>Dugong dugon</i>	M	Throughout the Philippine Archipelago, Indian and Pacific Oceans, Culion

Comparison of Government Revenues from Wildlife Export: 1994 – 2003 (CITES and Non-CITES)

GLOSSARY

AMPHIBIANS	A group of vertebrate animals which include toads, frogs, caecilians and salamanders. They are characterized by having smooth, moist, scaleless skin. The young breathe through the gills while the adults breathe through the lungs.
AREA	Refers to the total area applied/titled under one particular public land application
AVES	A class of vertebrate whose members are characterized by having feathers as a body covering, forelimbs modified into wings and unique respiratory system.
BIRDS	Group of animals representing class aves (see AVES).
BY-PRODUCT or DERIVATIVES	Any part taken or substance extracted from wildlife, in raw or in processed form. This includes stuffed animals and herbarium specimens
CAVES	Any naturally occurring void, cavity, recess or system of interconnected passages beneath the surface of the earth or within a cliff or ledge which is large enough to permit an individual to enter, whether or not the entrance, located either in private or public land, is naturally formed or man made. It shall include any natural pit, sinkhole or other feature which is an extension of the entrance. The term also includes cave resources therein, but not any vug, mine tunnel, aqueduct or other man-made excavation
CITES	An acronym for the Convention on International Trade in Endangered Species of Wild Fauna and Flora. It is an international treaty ratified by the Philippine Government purposely to regulate, control and prohibit the trade of wildlife.
CITES APPENDIX I	Trade species and sub-species of wildlife listed under this Appendix is strictly prohibited except for educational, scientific or research and study purposes
CITES APPENDIX II	Trade species and subspecies of wildlife listed under this Appendix is strictly regulated
COMMON NAME	Vernacular name of animal or plant species
CONSERVATION DEPENDENT	Taxa which are the focus of a continuing taxon-specific or habitat-specific conservation programme targeted towards the taxon in question, the cessation of which would result in the taxon qualifying for one of the threatened categories within a period of five years
CONSERVATION STATUS	The sum of the influences acting on species that affect its long-term distribution and abundance.
CRITICALLY ENDANGERED	A taxon that is facing an extremely high risk of extinction in the wild in the immediate future
DATA DEFICIENT	Taxon where there is inadequate information to make a direct, or indirect, assessment of its risk of extinction based on its distribution and/or population status
DONATION	Refers to act of liberality whereby a party disposes an animal or animals in favor of another party who accepts it
ENDANGERED	A taxon that is not Critically Endangered but is facing a very high risk of extinction in the wild in the near future
ENDEMIC	Native to and restricted to a specific geographic area.
ENTRANCE FEES	A fee or amount to be imposed upon entrance to any place national park and other protected area
EXTINCT	A taxon where there is no reasonable doubt that its last individual has died.

GAME REFUGE AND BIRD SANCTUARY	Refers to a forest land designated for the protection of game animals and fish, and closed to hunting and fishing in order that the excess population may flow and restock surrounding areas
INSECTS	These are segmented, bilaterally symmetrical animals possessing a hard, chitinous exoskeleton and pairs of jointed appendages. They are distinguished from their relatives by the presence of three body divisions – head, thorax, abdomen; the thorax being three pairs of legs and usually two pairs of wings in the adult stage
INDETERMINATE	Species and subspecies of wildlife whose populations are suspected of belonging to either one of the E, V and R categories but for which insufficient information is currently available to determine definite status
LEAST CONCERN	Taxa which do not qualify for Conservation Dependent or Near Threatened
LOCATION	Refers to the name of barangay/municipality/city and province where the activity is being implemented
LOWER RISK	A taxon when evaluated does not satisfy the criteria for any of the categories Critically Endangered, Endangered or Vulnerable.
MAMMALS	A group of vertebrate animals which possesses mammary glands that produce milk to feed the young. Other distinguishing characteristics of mammals are the possession of hairs. Majority bears their young alive
MANGROVE	It is a term applied to the type of forest occurring on flats along the sea coast, extending along streams where the water is brackish
MARINE PARK	Any off-shore area inhabited by rare, unique species of marine flora and fauna
MIGRANT	Species that winter in the Philippines on a seasonal basis or those that cross transboundaries on several states.
NATIONAL PARK	Refers to a forest reservation essentially of natural wilderness character which has been withdrawn from settlement or occupancy and set aside as such exclusively to preserve the scenery, the natural and historic objects and the wild animals or plants therein, and to provide enjoyment of these features in such a manner as will leave them unimpaired for future generations
NATIONAL INTEGRATED PROTECTED AREAS SYSTEM (NIPAS)	The classification and administration of all designated protected areas to maintain essential ecological processes and life-support systems, to preserve genetic diversity, to ensure sustainable use of resources found therein, and to maintain their natural conditions to the greatest extent possible
NATURAL BIOTIC AREA	An area set aside to allow the way of life societies living in harmony with the environment to adapt modern technology at their pace
NATURAL MONUMENT/ LANDMARK	A relatively small area focused on protection of small features to protect or reserve nationally significant natural features on account of their special interest or unique characteristics
NATURAL PARK	A relatively large area not materially altered by human activity where extractive resource uses are not allowed and maintained to protect outstanding natural and scenic areas of national or international significance for scientific, educational and recreational use
NEAR THREATENED	Taxa which do not qualify for Conservation Dependent, but which are close to qualifying for Vulnerable
ORCHIDS	Either epiphytic, terrestrial or saprophytic perennial herbs with unique floral arrangements and peculiar floral growth

PERMIT	A short term privilege or authority granted by the state to a person to utilize any limited forest resources or undertaken a limited activity within forest land without any right of occupation and possession therein.
PROTECTED AREAS	Refers to identified portions of land and water set aside by reason of their unique physical and biological significance, managed to enhance biological diversity and protected against destructive human exploitation
PROTECTED LANDSCAPE/ SEASCAPE	Areas of national significance which are characterized by the harmonious interaction of man and land while providing opportunities for public enjoyment through recreation and tourism within the normal lifestyle and economic activity
RARE	Species and subspecies of wildlife found only in one particular area or only in a few areas in very highly specialized habitat types but occur only in very small numbers and are therefore, seldom met with, even within their preferred habitat types. Their populations are not at present endangered or vulnerable but are at risk
REPTILES	These are vertebrate animals with tough skin usually covered with scales in contrast to amphibians which has smooth, delicate skin.
RESIDENT	Breed or are suspected of breeding in the Philippines normally living there throughout the year
RESOURCE RESERVE	An extensive and relatively isolated and uninhabited area normally with difficult access designated as such to protect natural resources of the area for future use and prevent or contain development activities that could affect the resources pending the establishment of objectives which are based upon appropriate knowledge and planning.
REVENUES	Any fees and charges shall be collected for entry into and use of certain facilities inside national parks and other protected areas.
SALE	Refer to the act of selling animals/for an agreed price.
SCIENTIFIC NAME	Refers to the formal nomenclature/name of specific plants and animals.
SPECIES	A group of organisms capable of interbreeding freely of each other but with members of other species.
THREATENED	A general term to denote species or subspecies considered as critically endangered, endangered, vulnerable or other accepted categories of wildlife whose population is at risk of extinction
TRANSPORT PERMIT	Permit issued authorizing an individual to bring wildlife from one place to another within the territorial jurisdiction of the Philippines
TRADE	The act of engaging in the exchange, exportation or importation, purchase or sale of wildlife, their derivatives or by-products, locally or internationally
VISITOR	Any Filipino or foreign individual or parties interested to visit a national park and other protected area.
VULNERABLE	Taxon that is not Critically Endangered or Endangered but is facing a high risk of extinction in the wild in the medium-term future
WATERSHED FOREST RESERVE	It is a land area drained by a stream or fixed body of water and its tributaries having a common outlet for surface run-off.
WILDERNESS AREA	Refers to land of public domain which has been reserved as such by law to preserve its natural conditions, maintain its hydrologic quality and restrict public use in the interest of national welfare and security. This include foreshore protection forests, mossy forests and mangrove forests essentially needed for foreshore protection and maintenance of estuarine and marine life including critical watershed reservations and special forest which are the exclusive habitat of rare and endangered Philippine Flora and Fauna.

<i>WILDLIFE</i>	Wild forms and varieties of flora and fauna, in all developmental stages, including those which are in captivity or are being bred or propagated
<i>WILDLIFE EXPORT</i>	The conveyance of wildlife and its by products from any place within the territorial jurisdiction of the Philippines to another country.
<i>WILDLIFE SANCTUARY</i>	Comprises an area which assures the natural conditions necessary to protect nationally significant species, group of species, biotic communities or physical features of the environment where these may require specific human manipulation for their perpetuation.
