

DENR ADMINISTRATIVE ORDER )  
 No. 48 :  
 Series of 1991 )

SUBJECT: Establishment of a National List of Rare (R), Endangered (E), Threatened (T), Vulnerable (V), Indeterminate (I), and Insufficiently Known (K) species of Philippine Wild Birds, Mammals, and Reptiles.

Pursuant to the provisions of Act No. 2590 as amended, Article IV of P.D. 1152, Section 7 of Executive Order No. 192 and other existing wildlife laws, rules and regulations, and in support of the covenants of the Convention on International Trade of Endangered Species of Wild Fauna and Flora (CITES) and International Union for the Conservation of Nature and Natural Resources (IUCN), the species of Philippine wild birds, mammals, and reptiles listed herein are hereby adopted and established as species of priority concern for protection and conservation.

Section 1. **Definition of Terms.** The following terms, as used in this Order shall be construed to mean as follows:

- 1.1 Rare (R) - species and subspecies of wildlife found only in one particular area or only in a few areas in the Philippines in very highly specialized habitat types but occur only in very small numbers and are therefore, seldom met with, even within their preferred habitat types. Their populations are not at present endangered or vulnerable but are at risk;
- 1.2 Endangered (E) - species and subspecies of wildlife whose populations are in danger of extinction and whose survival is unlikely if the causal factors continue operating;
- 1.3 Threatened (T) - species and subspecies of wildlife whose population throughout the islands where they are found have suffered high degree of depletion to the point of having their numbers reduced to the minimum, below which, said species or subspecies will totally become extinct;
- 1.4 Vulnerable (V) - species and subspecies of wildlife whose populations are still sizeable but are under threat from serious adverse factors throughout their range and are believed likely to move to the endangered category in the near future;
- 1.5 Indeterminate (I) - species and subspecies of wildlife whose populations are suspected of belonging to either one of the E, V & R categories but for which insufficient information is currently available to determine definite status;
- 1.6 Insufficiently known (K) - species and subspecies of wildlife that are suspected but not definitely known to belong to any of the above

categories because of the lack of information;

- 1.7 CITES Appendix I (I) - trade of species and subspecies of wildlife listed under this Appendix is strictly prohibited except for educational, scientific or research and study purposes;
- 1.8 CITES Appendix II (II) - trade of species and subspecies of wildlife listed under this Appendix is strictly regulated;
- 1.9 CITES Appendix III (III) - populations of species and subspecies of wildlife listed under this Appendix highly need local protection set under national policies as determined by the country's CITES Management Authority;
- 1.10 Collection - refers to trapping, hunting, taking, amassing, gathering, and/or owning through any mode of acquisition any species of wildlife listed herein; and
- 1.11 Trade - the act of purchasing, selling, offering or exposing for sale, live or dead, or any part of wildlife species listed herein.

**Section 2. National List.** The species and subspecies of Philippine Wild Birds, Mammals and Reptiles listed in ANNEX A hereof are hereby adopted and established/declared as priority concern for conservation and protection.

**Section 3. Establishment of a Common or Local Name of Species.** The RED concerned are further instructed to cause the immediate preparation and publication of the equivalent local or common names for each of the species provided for in Section 2 hereof existing within their respective areas of jurisdiction in order to enhance further dissemination of these information.

**Section 4. Illegal Acts.** It shall be unlawful for any person, groups or entity to collect and/or trade the species listed in ANNEX A hereof, PROVIDED that, such acts are covered by a permit granted by the DENR pursuant to the pertinent provisions of DENR AO 96, series of 1988 entitled, "Policies on the allocation of Quota on Wildlife".

**Section 5. Repealing Clause.** All orders, circulars, memoranda or other instructions inconsistent herewith are hereby repealed and/or amended accordingly.

**Section 6. Effectivity Clause.** This Order takes effect immediately.

(SGD.) FULGENCIO S. FACTORAN, JR.  
Secretary
