# MANUAL OF AUTHORITIES

## GENERAL PROVISIONS

### OBJECTIVE:

This Manual shall define the limits of authority at various levels of management from the Secretary to the lowest levels of supervision. For areas with no CENRO, the implementing PENRO shall be the approving authority. All other authorities not included in this Manual remain with the Secretary unless otherwise delegated.

However, the exercise of authority, even if delegated, shall remain the prerogative of the Secretary.

# MANUAL OF AUTHORITIES

## DEFINITION OF AUTHORITIES:

The action of approving authorities provided in this Manual implies that all necessary review and recommendatory actions have been completed. In cases where further approval of higher authorities and agencies external to the Department is necessary, the signature of approving authorities listed in the Manual should not be taken to mean final approval.

# MANUAL OF AUTHORITIES

## DELEGATED AUTHORITY

Delegated authority set forth in this Manual cannot be further delegated without prior approval of the Secretary or the President of the Philippines in cases where authority is delegated to the Secretary.

The authority pertains to the position rather than the person and is consistent with the approved structure of the Department. In the absence of the authorized incumbent, authority passes to his/her authorized replacement. In the absence of an authorized replacement, authority reverts to the immediate supervisor.

Authority granted to each position is limited to transactions within its areas of responsibility, consistent with the Department policies and government rules and regulations.
