INSTALL

If you could not find a clear field of view from the ground level, consider installing in an elevated location, like a roof, pole, or wall. Additional mounts and accessories are available for purchase on the Starlink Shop.

4 | Connect and Align Starlink

Step through the install process on the app. Once connected, an alert on the App will show if you need to rotate Starlink to be properly aligned. Click the alert to use the alignment tool.

5 | Connect to WiFi

1. On your device, find and connect to the **STARLINK** network in your WiFi settings.

2. Once connected, a browser window will open prompting you to enter a new SSID (Network name) and password. This step is optional but recommended.
3. You are now connected! Open the **Starlink** app to customize additional settings, check your connection, and more.
